

**JOURNAL**

**OFFICE OF LEGISLATIVE COUNSEL**

**Thursday - 23 August 1962**

1. [ ] The office of Representative Robert Dole called and asked if we could provide any information for a constituent inquiry on the reports of Soviet forces in Cuba. I suggested that they merely reply to the constituent that they had checked with appropriate agencies who indicated there was no evidence of combat forces in Cuba but that a close watch was being kept on the situation there.

2. [ ] Mrs. Maska, in the office of Assistant Secretary Fred Dutton, State Department, called and asked if our Map Library could provide them with a copy of the map of Laos which was used by the President at his press conference on the 23rd of March. Mrs. Maska would like this to fill a request from Senator Hickenlooper. Arrangements were made for the map (which was unattributed) to be sent directly to Mrs. Maska.

3. [ ] Returned to Alfred Nittle, Counsel for the Committee on Un-American Activities, the line page proof of the hearings of 24 and 25 May with our suggested corrections. Mr. Nittle thanked us for our assistance and indicated that the hearings should be printed within the next two weeks. [ ] has been notified. (See Journal of 21 August.)

4. [ ] Met briefly with Mr. Dent, Administrative Assistant to Senator Strom Thurmond. Mr. Dent apologized that he and [ ] had been unable to confer during the week but that he would call as soon as possible, probably mid-week next week.
